Demise of a passenger in-flight

Air Mauritius regrets to announce the passing of a passenger today on board its flight MK745, operating from Delhi to Mauritius.

The passenger, a Mauritian national, became unresponsive during the flight. Immediate assistance was provided by the cabin crew, with the support of a doctor travelling on board. Despite all efforts, the passenger could not be revived and was subsequently declared deceased by the attending doctor.

Air Mauritius extends its deepest condolences to the family and loved ones of the deceased during this difficult time. The airline is providing all necessary assistance to the family and is fully cooperating with the relevant authorities in accordance with established procedures.
