**Air Mauritius announces continuation of seasonal operations from Mauritius to Geneva starting October 2024**

Air Mauritius is pleased to announce the continuation of its seasonal non-stop flights from Mauritius (MRU) to Geneva (GVA) for the second consecutive year. Starting from 04 October 2024, and running through 28 April 2025, Air Mauritius will operate twice-weekly flights on Mondays and Fridays. The route will be serviced by the state-of-the-art Airbus A330-900neo aircraft.

*'Building on the successful launch of direct flights last year and the positive response on this route, Air Mauritius aims to strengthen its presence in the Swiss market in its second year of operations. This also marks the airline's third touchpoint in Europe within the Air Mauritius network,'* stated the Air Mauritius CEO, Mr Charles Cartier.

These direct flights offer a perfect escape from the Swiss winter, providing travellers with convenient and easy access to the warm, sunny paradise of Mauritius.
