Andre Viljoen, CEO: *“Reinforced operations to African destinations fall under our 7-Step Plan. Durban is a fast growing port destination and commercial nerve centre for the region presenting growing opportunities for Mauritius. We have also enhanced connectivity to Africa by developing our hubs in Johannesburg and in Nairobi that are now served with reinforced airline partnerships. This puts Mauritius in a better position to fulfil its potential as a conduit for trade, travel, commerce and financial services between Africa and Asia.”*
